

Accessibility Statement

An Open Commitment

GB Technosys Ltd is committed to providing a website that is accessible to the widest possible audience, regardless of technology or ability.

Guidelines and Standards

We are actively working to increase the accessibility and usability of our website and in doing so adhere to many of the available standards and guidelines.

This website does not currently conform to level Double-A of the World Wide Web Consortium (W3C) Web Content Accessibility Guidelines 2.0. However, we are making every effort to ensure that it will conform in the near future.

These guidelines explain how to make web content more accessible for people with disabilities. Conformance with these guidelines will help make the web more user friendly for all people.

This site has been built using code compliant with W3C standards for XHTML and CSS. The site displays correctly in current browsers and using standards compliant XHTML/CSS code means any future browsers will also display it correctly.

Exceptions

Whilst we strive to adhere to the accepted guidelines and standards for accessibility and usability, it is not always possible to do so in all areas of the website.

Contact Information

We are continually seeking out solutions that will bring all areas of the site up to the same level of overall web accessibility. In the meantime should you experience any difficulty in accessing the jasonbarton.co.uk website, please don't hesitate to contact us.
